

Driving Suicide to Zero

Presented by

Andrea Aristizabal, MC, LPC, Learning Specialist

Kathy Corley, Learning Specialist

Course Description

Magellan has joined forces with the Arizona Department of Health Services' Division of Behavioral Health Services, Magellan's network of service providers, members of Arizona's judicial and legislative branches and other community stakeholders in a suicide prevention and intervention initiative. The goal is to help reduce the suicide rate in Maricopa County by equipping behavioral health-care staff with the skills, knowledge, attitudes and support to more effectively intervene and engage with those at risk of suicide.

Target Audience:

This class is intended for medical providers (i.e. doctors, nurse practitioners, registered nurses, etc).

This training will take place at:

Magellan Learning & Performance
